Interview Me Group Edition

One Question, a Room Full of Answers

one question, a room full of answers.

How to Run a Session

This book turns an interview into a group event. One facilitator, one room, three to eight people who each lived a whole life before they met each other.

READ Read the question aloud, twice, slowly. The large print means anyone can also read along over your shoulder.

WRITE Give everyone a quiet minute. Each page has three answer columns — write a name over each column, or pass the book and let people write their own.

COMPARE Then the real game: go around the room and hear the answers out loud. Always ask the printed follow-up — "Did anyone have a very different answer?" That question does all the work.

Ten questions is a full session. Mark where you stopped; different people next week make the same questions brand new.

SECTION ONE · 7 QUESTIONS

Childhood

Everyone in the room was eight years old once. Start there.

Read it aloud twice, then give a quiet minute before anyone answers. Then ask: "Did anyone have a very different answer?"
